Online Work:

[egcreative](#)

Summary:

Experienced Designer specializing in creating interactive mobile applications and effective marketing materials. Proven expertise in using Adobe Creative Suite and Microsoft applications to deliver design solutions. Known for facilitating cross-functional team collaborations, managing front-end web design, and leveraging AI to improve productivity. Holds a BFA in Graphic Design from Miami University.

Comfortable working within a group or independently. Takes great pride in working on projects from concept through finished product.

Work History:

■ App / Graphic Designer - StartGuides, LLC June 2019 - June 2026 Remote, Based in Alexandria, VA/ Milwaukee WI

As an Application Designer, I created interactive mobile applications for the U.S. military.

- Designed interactive mobile applications for U.S. military operators and maintainers, enabling them to quickly and safely assemble, deploy, and maintain mission-critical equipment in the field
- Built UI/UX in Adobe InDesign using Multi-State Objects (MSOs), button functions, and Hyperlink Destinations
- Tested and validated final app builds for accuracy; used best practices to correct image quality issues
- Bridged communication between content, illustration, and development teams, guiding the size and scope of drawings and content to fit app layouts, software capabilities, and file size limits
- Regularly used Adobe Creative Suite, GitHub, and the Microsoft suite (Microsoft 365 including SharePoint and Teams, plus Azure DevOps) in app creation
- Responsible for working on and maintaining multiple projects at once, ensuring that project milestones and deliveries were met
- Used Claude to develop production scripts and speed up image editing, allowing a small team to absorb larger workloads without added cost or missed deadlines
- Regularly completed mandatory DoD CUI training, ensuring that the company remained compliant

■ Senior Graphic Designer - Western Reserve Hospital May 2010 - June 2019 Cuyahoga Falls, OH

As Senior Graphic Designer for Western Reserve Hospital, I was responsible for creating web and print materials and being a brand ambassador for the hospital, ensuring that identity standards were met.

- Created marketing materials and PowerPoint presentations for 20+ hospital departments, supporting department initiatives and community outreach through flyers, banners, posters, punch cards, billboards, and logos that built transparency and trust with patients and the community
- Managed front-end design and updates for the WRH website and partner websites, ensuring newly onboarded physicians were represented and department news reached employees and the public in a timely manner
- Collaborated with vendors and hospital department personnel to reduce printing and production costs
- Directed photo shoots and coordinated with photographers to produce marketing imagery

■ Senior Graphic Designer - Media II Inc. Willoughby Hills, OH

June 2008 - April 2010

Media II Inc. was a Business to Business Advertising Agency and Public Relations firm.

I was employed with Media II Inc. as a Graphic Designer. My duties included:

- Design of trade-show display graphics and trade publication ads
- Development and management of company websites and HTML email blasts
- Design of data sheets and company literature
- Development of company logos and identity standards

■ Graphic Designer - Patio Enclosures, Inc. Macedonia, OH

March 2007 - June 2008

Patio Enclosures is a privately owned manufacturer and installer of sunrooms and solariums.

As a Graphic Designer in the Newspaper Advertising department, my duties included:

- Design of newspaper and trade magazine advertising
- Management of photo archive
- Development of product logos and company communications

■ Designer/Supervisor - BASF Admixtures, Inc. Beachwood, OH

June 2006 - March 2007

BASF Admixtures is a leading provider of innovative admixtures for specialty concrete used in the ready mix, precast, manufactured concrete products, underground construction and paving markets throughout the North American region.

While contracting with BASF Admixtures as a Graphic Designer, I assisted with the conversion of BASF Admixtures from the Degussa brand. My duties included:

- Redesign of marketing and communications materials
- Design and update of product literature and data sheets
- Design of convention graphics
- Development and design of product packaging, direct mail campaigns and new product launch marketing materials
- Supervision of production staff

■ Graphic Designer - The Markell Company Painesville, OH

November 2001 - March 2006

The Markell Company was a small, privately owned B2B marketing agency.

As a Graphic Designer with the Markell Company, I was in charge of the creation and update of B2B marketing documents from concept through pre-press. My duties included:

- Managing projects (deadlines, budget restrictions, vendor relations)
- Design of trade magazine and newspaper advertising
- Design of POP (point of purchase) and trade show displays
- Development of company identity, company literature and business materials (business cards, letterheads)

■ Graphic Designer - The David Group Cleveland, OH

September 1998 - September 2001

The David Group was a recruitment Advertising Firm which provided custom recruiting/HR solutions for its client base.

While working as a Graphic Designer, I was part of a creative team responsible for the design of:

- Marketing materials (posters, brochures, direct mail, newspaper and magazine ads) aimed at attracting qualified employees to companies in a variety of fields, such as manufacturing, nursing, R&D, food service and retail
